3. CEO Report

3.1 CEO Report

The Board NOTED the CEO Report, which was taken as read, plus the Activity Report PowerPoint presentation.

The Board further noted:

1. Governance and Risk Management – There was one case of COVID Omicron from 1 Sept to date and 2 WHS reportable cases, (minor to medium category). Additionally, a possum dislodged a kitchen ceiling panel, but no injury was incurred. KODA was close to finalising its handover from Morgans as new Investment Manager. The Finance ERP System implementation is on schedule with an ETA of 1 January 2023.

2. Business Systems: Projects Updates: Sept/Oct - CCTV replacement project is on track. The Job Tracking Solution for USU Marcoms is underway to better track and manage the departments workflow is underway.

4. Federal Budget 2023; Highlights included change in maternity leave provisions from 18wks to 26wks by 2026 and increased childcare subsidy gives parents more flexibility.

5. ASIC have identified the following three priorities:
   - Directors failing to identify and manage risk attaching to a company’s business activities
   - Cyber governance and resilience failures
   - Misconduct resulting in corporate collapse.

6. Cyber Security. Cyber breaches may lead to tougher penalties of up to $2.2 for serious or repeated breaches.

7. Cost of living: interest rates. Quarterly CPI set to increase further, and mortgage stress and rental squeeze will further create reduced cash flow. David Wright asked if USU’s budget for 2023 would be affected. Andrew Mills responded that all USU staff had received 4.6 CPI increase as recommended by Fair Work and we’ve budgeted an increase for July 23. Onor raised the issue of pricing at the USU outlets. Andrew noted that where possible current pricing will be maintained and include budget buster items.

4 GROWTH
Noted

4.1. S.2021.1 Student-Centric Mindset (Strategic: S.2021.1 Student-Centric Mindset)
The Board noted that the USU Membership Rewards Program had a low uptake. Andrew advised that a review by HODs was in progress and a report will be presented to the board in due course

4.2. S.2021.2. Engaged Stakeholders and sustainable Development Strategic: S.2021.2. Engaged Stakeholders and Sustainable Development)
Noted

4.3. S.2021.3. Right culture, Right Values (Strategic: S.2021.3. Right Culture, Right Values)
Noted

The Board further noted:

- Successful SSAF base uplifts which totaled $705k. This amount included Someday Soon: $270k p.a., and PULP $140k p.a.
- Onor asked for feedback on the applications for SSAF base uplifts. Andrew responded that the applications received positive feedback and that the CPI increase had benefited all student bodies who had submitted applications.
- The Outlets financial result for September was below projection, however, October was tracking better due to Someday Soon and the graduations. The student attendance was not at 100% due to some 10,000 offshore students and Australian students not returning to campus, (number not provided by the UNI). The University is expecting full student attendance from the middle of 2023.
- Freshdesk Dashboard metrics: 210 tickets were raised. 43% were in progress and 44% were closed.
A short video was presented of Someday Soon. Someday Soon achieved around 2,800 ticket sales, half of whom were students and half were external attendees. This will become an annual event and included in the Annual SSAF Base. A promotion video, individual posts from the artists and the website launched on 15 July 2022 on Instagram promoted the event, as well as event media which attracted an older external audience. The SSAF covered the artists fees and USU picked up the balance. A full debrief report will be provided soon.

The board noted that PULP was so far promoted through all media channels. The Student Insights Survey had received 1200 responses so far. The full result would be advised at the next board meeting. Battle of the Bands was not widely promoted externally. The Monthly Membership Summary was ahead of budget. Membership spikes were due to the large musical events.

In the P&C Headlines that 44 casuals and 7 permanent roles were live. More roles were likely with the arrival of Welcome Fest.

In the WHS Incident Data for the period 16 September - 21 October two incidents were reported. The P&C celebrated Mental Health week with initiatives, including massages for staff and a guest Paralympian spoke at an all-staff morning tea. Recruitment is back to a more manageable level.

Staff had provided suggestions for revitalising the Footbridge Café. Students will be surveyed for their suggestions. If the bakery suggestion is adopted, then the left-over bread could go to FoodHub for needy students.

Andrew, Cole and several USU managers visited Satellite Campuses including Westmead, Dubbo and Orange to learn what students want and how USU may help them. Both Dubbo and Orange supported rural health studies. Student concerns included housing off campus, food security and off-campus safety, (Dubbo after dark).

Coming up events included Fright Night and 2-3 weekly gigs hosted at the Manning Bar.

Board comments from CEO Report.

Telita commented on rental concerns for international students. Andrew advised FoodHub provided essentials as well as food and continued to receive donations. It was agreed that safety on the satellite campuses was an issue. Cole suggested setting up a referral process for outreach services.

9.4.5 Advertising, Sponsorship and Sampling Policy

The Board discussed the amendments to the Advertising, Sponsorship and Sampling Policy. This follows a review the Board resolved to undertake in April and subsequent work. The amendments codify that advertising, promotion or sponsorship for activities or events will not be accepted from several types of organisations and companies. It was discussed that organisations with a record of exploitation rather than specifically a record of wage exploitation should be excluded. This broadens the scope of exclusion in line with the USU’s values.
